**Subject:** RE: Formaldehyde genotox synthesis and tables

Oh, by the way, I just remembered that I will be at an all day off-site meeting tomorrow. So will not be able to attend the meeting.

Have a fun discussion!

Nagu

Hi Catherine,

We missed you at the meeting.....

Kate/Jason:

Sury sent the synthesis (and revised tables) out late last night.... I looked at it this morning and have made many suggestions.....will talk with Catherine before I send my comments back to Sury.

Amanda has promised to give her piece on Thursday (tomorrow), I will check again and provide an update at tomorrow's meeting.

Thanks  
nagu

That sounds good Kate, I'll let Sury know.

Did we have a meeting this morning at 9? It didn't show up on my calendar, but then I just had one of those "overdue" meeting notices pop up. I know we were changing the times a lot last week, I apologize if I got lost in the shuffle.

Hi Catherine and Nagu,

Just a heads up that it would be good to touch base briefly tomorrow on the status of the formaldehyde genotox effort. Hope it is going well!

Kate
